### **VARIANCE REQUEST REGULATIONS**

The following items must be included in the letter of intent filed with the variance application.

1. A clear statement identifying the variance request. For example: I am requesting a five-foot front setback from the minimum 25-foot front setback requirement in the R-1 District to allow a front setback of 20 feet.
2. An explanation of why the variance is requested.
3. An explanation as to why the requested variance is consistent with each of the seven standards identified below (items 3a.-3g.) that are used for evaluation variance request.
  - a. That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures, or buildings in the same zoning district;
  - b. That the special conditions and circumstances do not result from the actions of the applicant;
  - c. That granting the variance requested will not confer on the applicant any special privilege that is denied by these regulations to other lands, buildings, or structures in the same zoning district;
  - d. That literal interpretation of the provisions of the regulations would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of these regulations and would cause or impart unnecessary and undue hardship on the applicant;
  - e. That the variance granted is the minimum variance that will make possible the reasonable use of the land, building, or structure;
  - f. That granting the variance will not change the use to one that is not permitted in the zoning district or different from other land in the same district; and
  - g. That the granting of the variance will be in harmony with the general intent and purpose of these regulations, and that the variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

Please refer the Land Development Code, Section 3.4.3 Variances, adopted; August 5, 2019.
