

## **NOTICE TO INDUSTRY**

### **Scheduling Inspections**

### **EFFECTIVE JANUARY 15, 2025**

In our ongoing efforts to streamline operations, the City of Cape Coral will be updating the process for scheduling inspections. Beginning **January 15, 2025**, phone based (IVR) scheduling will no longer be available. All applicants will be required to create a CSS account and schedule inspections through the CSS Portal.

We appreciate your cooperation as we implement this new process.
