Dave Harner, County Manager
2115 Second Street
Fort Myers, FL 33901

Re: Request to Meet with FEMA Regarding National Flood Insurance Program (NFIP)
Community Rating System (CRS) Retrograde

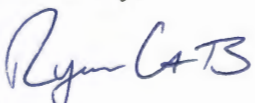

Dear Mr. Harner:

Thank you for your continued effort on behalf of our communities to urge FEMA to reconsider its decision to retrograde our CRS rating in the NFIP.

The City of Cape Coral formally requests a meeting with Robert Samaan, Regional Administrator for FEMA Region 4. I have requested this meeting through our federally elected legislative members; however, I have been informed that meetings with federal executive branch agencies need to be scheduled through a request from the state. As such, we are requesting the county take this meeting request to the state.

Your ongoing collaboration is greatly appreciated. We look forward to working together to achieve a favorable result for all residents of Lee County.

Sincerely,

For 
Michael Ilczyszyn
City Manager
